**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In my neighborhood there are no choices.

I live in one of the most expensive neighborhoods in Silicon Valley, yet have internet connectivity options are limited to 20 year-old dial-up and 2mbit DSL.

Comcast is avoiding the neighborhood citing 'poor access to backyards for equipment install', ATT has avoided any major upgrades in the last 40 years, as it is a mostly suburban neighborhood with elderly residents. The copper lines going into my house are a mess and still say 'Bell' on the (very rusty) box.

Sonic is the only company that is attempting to provide some alternative.

I need more competition. More options. Better internet.

My business depends on it, my kids education depends on it.
